## Overview

Dr. Kiran Kumar Shetty is a dedicated and accomplished Urologist affiliated with Apollo BGS Hospitals, Mysuru, bringing over 12 years of clinical experience in the field of Urology. He holds qualifications in MBBS, MS in General Surgery, and DNB in Urology, which reflect his in-depth training and expertise in managing a broad spectrum of urological disorders.

Fluent in English, Hindi, and Kannada, Dr. Shetty ensures clear and empathetic communication with his patients, fostering trust and comfort throughout the care process. His practice covers a wide range of conditions including kidney stones, urinary tract infections, prostate disorders, male infertility, and urological cancers. He adopts a personalized approach to each case, focusing on delivering accurate diagnoses and effective treatment plans tailored to individual needs.

Known for his patient-first philosophy, Dr. Kiran Kumar Shetty combines technical proficiency with compassionate care. He remains committed to staying at the forefront of urological advancements and routinely collaborates with multidisciplinary teams to offer comprehensive, evidence-based solutions. His commitment to clinical excellence and genuine concern for patient well-being make him a trusted

healthcare provider in the Mysuru region.
