Overview

Dr. A Vishnu Prasanth is a dedicated Interventional Cardiologist with over 9 years of experience in the field of cardiovascular medicine. He practices at **Apollo Speciality Hospital, Teynampet, Chennai**, where he delivers expert care in both acute and chronic cardiac conditions.

Dr. Prasanth holds an MBBS, MD, and DNB in Interventional Cardiology, reflecting his robust academic background and advanced specialization. His clinical expertise includes the management of coronary artery disease, heart failure, arrhythmias, and preventive cardiology. He is also skilled in performing a wide range of interventional procedures, such as angioplasty and stenting, with a focus on precision and patient safety.

Fluent in **English** and **Tamil**, Dr. Prasanth communicates effectively with patients from varied backgrounds, ensuring they are well-informed and at ease throughout their treatment journey. His approach to care is marked by empathy, attention to detail, and a strong emphasis on evidence-based practices.

Known for his commitment to excellence and continuous learning, **Dr. A Vishnu Prasanth** is an emerging name in the field of cardiology, offering compassionate and comprehensive heart care to the people of Chennai.

Experience

- **Consultant – Department of Cardiology**, MGM Healthcare, Chennai

2021 – 2025

Currently serving as a full-time Consultant Cardiologist, managing complex cardiac cases and interventional procedures.

- **Resident – Cardiology**, Kauvery Hospital, Alwarpet, Chennai

2019 – 2021

Gained hands-on training and experience in interventional cardiology, cardiac imaging, and emergency cardiac care under expert supervision.

- **Registrar – Cardiac Intensive Care Unit**, Vijaya Hospital, Vadapalani, Chennai

2014 – 2015

Managed critically ill cardiac patients, with active involvement in emergency interventions, post-procedure care, and advanced cardiac life support.

- **Duty Medical Officer – Department of Cardiology**, Sri Ramachandra Medical College and Research Institute, Porur

2009 – 2011

Early-career experience in inpatient care and diagnostics in a high-volume academic cardiac department.

Performed over 700 angioplasties and coronary interventions.

Research and Publication

Dissertation Title: *Myocardial Performance Index (MPI) as a Predictor of Angiographic Severity of Coronary Artery Disease in Patients with Acute Myocardial Infarction*

Key Findings:

- MPI showed a **significant positive correlation** with Killip class.
- MPI levels were **higher in proximal** coronary lesions than in distal ones.
- MPI was **significantly elevated in multivessel disease** compared to single vessel disease.

Presentations

- **Speaker**, State Cardiology Conference – Delivered a presentation on the role of **IVL-assisted PCI** in managing heavily calcified coronary lesions.
- **Participant**, Live Session by **SCAI (Society for Cardiovascular Angiography and Interventions)** – Showcased the role of **ECMO-assisted PCI** in reducing mortality rates in critical cardiac cases.
